TEAM BUILDING & ACTIVITIES

HUMANIC GROUP

ABOUT HUMANIC GROUP

FOR MORE THAN 20 YEARS, WE HAVE CREATED ACTIVE EMPLOYEE EXPERIENCES THAT STRENGTHEN RELATIONSHIPS, WELLBEING AND JOB SATISFACTION IN DANISH WORKPLACES.

At HUMANIC GROUP we believe that strong relationships are the foundation of a good working life and strong results. That is why we create experiences, activities and development programmes that bring people closer together and make a real difference day to day.

We call it Active Workplace Happiness.

HUMANIC EVENTS creates experiences that bring people together. Through team building, company parties and events, we strengthen relationships, community and a sense of belonging.

HUMANIC MOVEMENT works for more movement and better health in the Danish workplace. With exercise, workshops and health programmes, we put healthy living on the agenda.

HUMANIC CONSULT strengthens collaboration through insight into people and behaviour. With workshops and personality profiles, we help colleagues build stronger cohesion and better results.

The foundation of everything we do is the belief that stronger relationships create wellbeing – and wellbeing creates stronger results.

TEAM OLYMPICS

WHEN TEAMWORK TURNS TO GOLD
Step into an Olympic story full of energy, laughter, team rivalry – and shared victories.

With Team Olympics, you are thrown into fun and unconventional team-building challenges inspired by the Summer Olympics, the Winter Olympics and the Paralympic Games. Teams compete head to head in disciplines that strengthen communication, collaboration and team spirit. It is not about muscle – it is about making the most of each other's strengths and bringing out the best in one another in the hunt for medals.

EVERYONE CAN TAKE PART – Every challenge is designed so that everyone can join in, regardless of age or fitness. There is a role for everyone, and it is teamwork that decides who takes home the gold.

FUN, TOGETHERNESS AND PLENTY OF LAUGHTER – The disciplines are inspired by the world of sport, but turned on their head in a quirky, entertaining team-building format. Expect smiles, high energy and an experience that brings everyone together. It all builds up to a nail-biting final where everything can be won or lost – and where focus, strategy and quick decisions make all the difference.

CUSTOMISED FOR YOUR COMPANY – Would you like an experience that reflects your culture and identity? We can create your very own company Olympics and build the story around you.

Ready to rally your colleagues and go for gold?

FROM SILOS TO SHARED GOALS – TEAM BUILDING THAT DEMANDS CROSS-TEAM COLLABORATION

HUMANIC GROUP

DURATION 1–3 hours (adjustable)
LOCATION Outdoors – and indoors if the venue allows

CHAIN REACTION

CHAIN REACTION – FROM SILOS TO COHESION – Break down silo thinking and unite the organisation around one shared goal. With Chain Reaction, you experience how strong collaboration is essential when each team must deliver on its own – while also contributing to one spectacular, combined chain reaction. Each team works to its own requirements and goals, but it soon becomes clear that success only comes when communication flows and collaboration works across teams. When one part fails, it affects the whole chain – just like in everyday working life.

A HEATH ROBINSON/RUBE GOLDBERG MACHINE IN PRACTICE – Together, you build an inventive Heath Robinson/Rube Goldberg machine in which energy is passed from A to Z through surprising elements such as bowling balls, boxing gloves and ship's bells. Old materials get a new lease of life, and creativity runs free as your solutions must work together with those of the other teams. The session starts with planning and coordination, followed by a build phase where ideas are put into practice. Then the chain reaction is set in motion – and must be kept alive from the first link to the last.

SHARED RESPONSIBILITY MADE VISIBLE – Along the way, adaptability, problem-solving and clear communication are put to the test. Chain Reaction highlights the importance of clear handovers, shared responsibility and effective collaboration across teams and departments.

For extra learning, the activity can be combined with a team development workshop that deepens understanding and helps embed the lessons in everyday work.

Ready to set your collaboration in motion?

FUN AND DYNAMIC TEAM BUILDING – MAY THE FATTEST WALLET WIN!

HUMANIC GROUP

DURATION 1–3 hours (adjustable)
LOCATION Outdoors – and indoors if the venue allows

MONEY TALKS

TEAM STRATEGY, NEGOTIATION SKILLS AND COLLABORATION – In Money Talks, teams go head to head in a series of varied and challenging collaborative activities in which your starting capital must be turned into a fortune. Along the way, there are constant trades, bets, alliances and tactical decisions that can change the game in an instant.

ENERGY & TEAMWORK – Money Talks is a high-energy team-building concept in which every activity demands communication, sharp role allocation and strategic collaboration. Each team must constantly adjust its strategy, share responsibility and manage its cash reserves wisely to stay in the strongest possible position.

WHEELER-DEALERS, STRATEGISTS, GAMBLERS – AND TEAM PLAYERS – See who masters both collaboration and negotiation. Winning takes more than strong teamwork: it also takes the ability to think tactically, take risks, forge alliances and negotiate your way through the challenges. Every skill on the team comes into play.

A FINAL WHERE EVERYTHING CAN BE TURNED UPSIDE DOWN – The excitement peaks in an intense final where the standings can change right up to the very end. Only when the last banknote has been counted does it become clear which team has the fattest wallet – and can be crowned winner of the day. Finally, all the teams meet in front of the judging panel, where only one thing counts: capital. The team left with money in its pocket takes the victory.

Money Talks works brilliantly combined with a team development workshop.

TEAM BUILDING FOCUSED ON GREAT COLLABORATION – FUN AND ACTIVE!

HUMANIC GROUP

DURATION 1–3 hours (adjustable)
LOCATION Outdoors – and indoors if the venue allows

TEAM SPIRIT

COLLABORATION FOR SHARED SUCCESS – Team Spirit is the team-building concept for those who want to combine intense team activity with strong cross-team collaboration. You are challenged in varied, high-energy activities where teams compete against each other – but where joint effort, knowledge sharing and collaboration are the key to overall success. You work in teams of 6–8 people and must perform in a series of team challenges. At the same time, it soon becomes clear that no one wins alone. To be in a strong position for the final, the teams must work together, share resources and help each other along the way.

TEAMWORK, COMMUNICATION AND TEAM SPIRIT IN FOCUS – Every challenge focuses on communication, role allocation and clear agreements. You must perform at your best both within your own team and together with the others. The essence of Team Spirit is the ability to stay focused on the shared goal – even when the competition heats up.

WHEN COLLABORATION CROSSES BOUNDARIES, THE END RESULT IS BETTER – Just as in everyday working life, each team must solve its own tasks as well as possible. But ultimate success depends on how well you collaborate across "departments", communicate – and make the most of each other's strengths. It all culminates in a decisive final, where your combined effort is converted into your Team Spirit factor and a place on the legendary Board of Fame.
For extra learning and lasting impact, Team Spirit can be combined with a team development workshop.

Ready to put your collaboration to the test – and chase a place on the Board of Fame?

ACTIVITIES WITH YOUR OWN IDENTITY IN THE GAME – CUSTOMISED FOR YOU!

HUMANIC GROUP

DURATION 1–3 hours (adjustable)
LOCATION Outdoors – and indoors if the venue allows

COMPANY CHALLENGE

TEAM BUILDING IN YOUR OWN WORLD – Company Challenge is active, high-energy team building customised for you and your company. Classic team activities and team contests are combined with your own themes, messages and learning objectives – so the team building is fun, relevant and rooted in your identity and everyday work.

Teams compete head to head in a points hunt full of varied team challenges, creative tasks and physical contests. At the same time, you work with your company's own topics, which are built directly into the game through both physical and virtual checkpoints.

PHYSICAL TEAM CONTESTS AND A DIGITAL POINTS HUNT – With your phone as an interactive guide, you navigate a virtual map, while a physical map keeps track of deadlines and the compulsory team contests. It takes planning, communication and collaboration to complete as many challenges as possible – and to be in the right place at the right time for the contests.

YOU ARE AT THE CENTRE – The challenges can be customised with your logo, questions and content – such as strategy, values, ESG, industry fun facts or content from a seminar. That way, your messages are brought to life through play, movement and shared activities.

PERFECT FOR LARGE GROUPS – Company Challenge is ideal for really large groups of 100–2,000+ participants.
The concept is a natural choice as an energising finale to a meeting or conference day.

KNOW YOUR COLLEAGUE

STRONGER RELATIONSHIPS, BETTER COLLABORATION – Strengthen relationships and build healthier working relationships with Know Your Colleague – an active team-building concept that gives you deeper insight into each other's professional strengths and personal stories.
The activity is built as an engaging relationship game in which fun, challenging team-building activities are combined with reflection, questions and dialogue. Here you get the time and space to get to know the person behind the role.

THE FOUNDATION OF A STRONG CULTURE – Know Your Colleague is ideal for teams that want to build trust, wellbeing and strong collaboration. Research – including The Five Behaviors of a Cohesive Team – shows that personal insight and psychological safety are crucial to creating well-functioning team cultures.

ACTIVE, FUN AND EFFECTIVE LEARNING – When you are involved in active experiences, engagement, memory and relationships are all strengthened. That is why the game is physically active, high-energy and full of laughter – while creating lasting memories and a stronger sense of community.

CUSTOMISED FOR YOU – If you would like to put your own stamp on the experience, the game can be adapted with your own themes, values and conversation topics. This adds extra relevance and ownership for participants. Know Your Colleague can also be combined with a team development workshop to embed the learning even more firmly in everyday work.

PUT SUSTAINABILITY ON THE AGENDA WITH TEAM ACTIVITIES

HUMANIC GROUP

DURATION 1–3 hours (adjustable)
LOCATION Outdoors – and indoors if the venue allows

SUSTAINABILITY GAME

TEAM BUILDING FOCUSED ON SUSTAINABILITY AND EVERYTHING IT MEANS How much food waste do we produce in Denmark, and how can we reduce it? Which quality labels should we look for when we shop? How can we clear plastic from the sea through collaboration and communication? Which eating habits will we need to adopt in the future?
And what does sustainability actually mean? You will be able to answer these questions and many more after a fun and challenging day with your colleagues!

SAVE THE FOREST AND WIN! In Sustainability Game, teams compete to save the most square metres of forest. Together, you are put to the test as you clean up the sea, tackle food waste, solve green transition puzzles and use both logic and imagination in your bid to be the team that does the most for the sustainable transition.

KEEPING TRACK OF TIME? The session runs as a rally with a wealth of checkpoints and challenges – the more checkpoints you reach and the better you solve them, the more square metres of forest your team can collect. Each team gets a unique schedule to navigate by. At set times, teams must give their all to win the compulsory tasks in direct competition with other teams, while at other times the aim is to solve as many tasks as possible. Whatever you do, keep an eye on the clock. Miss an activity, and the climate pays the price!

THE FINAL THAT DECIDES IT ALL We finish with a final in which all teams battle for the climate trophy, with extra square metres of forest at stake – and this is where the overall winning team is decided.
Everyone can take part, regardless of age or fitness – all you need to bring is a good mood and a desire to put sustainability and the green transition in focus.

**MAKE THE COMMUNICATION CHAIN WORK –
THE ULTIMATE COLLABORATION CHALLENGE!**

HUMANIC GROUP

DURATION 1–3 hours (adjustable)
LOCATION Outdoors – and indoors if the venue allows

THE SUPPLY CHAIN

OPTIMISE YOUR SUPPLY CHAIN – MAKE THE CHAIN WORK – The Supply Chain is an intense and engaging team-building game in which you step into a world of orders, resources, deliveries and deadlines. Spread across different links in a shared supply chain, you must work together to make everything add up – while the clock is ticking and the market can suddenly change the rules of the game.

STRATEGY, RESOURCES AND DECISIONS UNDER PRESSURE – Each team has its own information, resources and goals, but no one can complete the task alone. You must trade, prioritise and make quick decisions as goods and information move through the chain. Should you protect your own resources or bet on collaboration? And what happens when one decision has consequences for every other link?

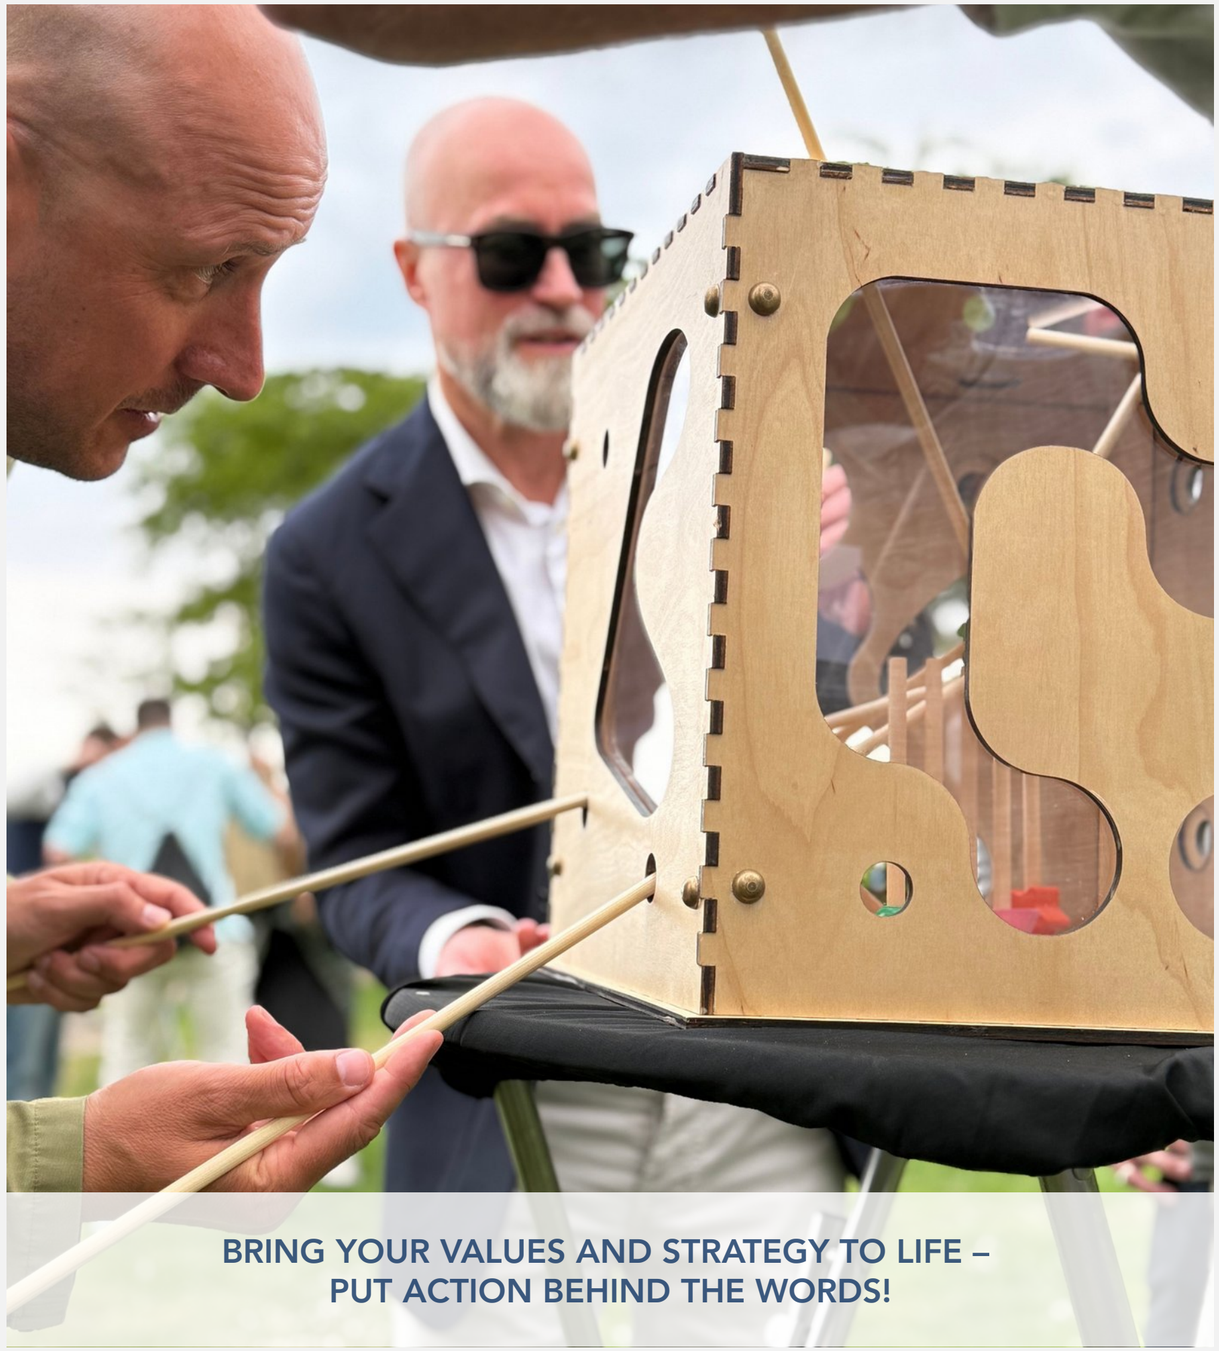

COMMUNICATION DECIDES THE OUTCOME – The Supply Chain makes the challenges of communication, knowledge sharing and cross-team collaboration concrete and tangible. You experience how missing information, local decisions and bottlenecks can affect the entire chain. One decision in one place will affect the whole. Feel what it takes to create a shared direction and get every link working as one organisation.

PERFECT FOR COMPANY DAYS – The Supply Chain is ideal for company days, kick-offs and conferences where you want an active, insightful team experience with direct relevance to your company's everyday work.

BRING YOUR VALUES AND STRATEGY TO LIFE –
PUT ACTION BEHIND THE WORDS!

HUMANIC GROUP

DURATION 1–3 hours (adjustable)
LOCATION Outdoors – and indoors if the venue allows

VALUES CHALLENGE

BRING YOUR VALUES TO LIFE – The Values Challenge is active team building in which your company's values, culture and strategy are turned into concrete action. Teams compete head to head in creative tasks and collaborative challenges that make your messages relevant and meaningful to employees – so the values don't just hang on the wall, but become part of everyday work.

TEAM CONTESTS WITH YOUR VALUES AT THE CENTRE – Teams compete in varied challenges where communication, creativity and joint decisions are crucial. The tasks are based on your own values, strategic goals or brand, and give employees the chance to explore what the values mean in practice.

FROM STRATEGY TO BEHAVIOUR – When employees work actively with the company's values themselves, it becomes easier to understand, remember and act on them. The Values Challenge creates a shared language, strengthens ownership and gives you a stronger platform for turning strategy and values into the behaviour that makes a difference every day.

PERFECT FOR COMPANY DAYS – The Values Challenge is ideal for company days, kick-offs and strategy events where you want to engage employees, create a shared direction and strengthen the link between the company's ambitions and employees' daily work.

THE EXPEDITION

SURVIVOR-INSPIRED TEAM BUILDING – The Expedition is an active and competitive team experience inspired by the world of Survivor. Teams compete head to head on an expedition full of physical challenges, creative tasks and tactical decisions, where collaboration, communication and team spirit are the keys to victory.

TEAM CONTESTS, TALISMANS AND ISLAND COUNCIL – Teams battle for points, advantages and talismans through a series of varied contests. Along the way, you must plan strategies, make the most of your team's strengths and take decisions that may shape the outcome of the expedition. At the Island Council, the competition intensifies as your tactics are put to the test.

COLLABORATION UNDER PRESSURE – The expedition's challenges test creativity, problem-solving and the ability to stand together when it counts. Everyone can contribute different strengths, and it takes overview, trust and good communication to guide the team safely through the expedition.

PERFECT FOR COMPANY DAYS – The Expedition is a natural choice for company days, off-sites, kick-offs and company events where you want an active shared experience with competition, excitement and plenty of laughter.

All contests can be adapted to you and the venue.

SET OFF ON A VOYAGE OF DISCOVERY ACROSS THE CITY

HUMANIC GROUP

DURATION 1–3 hours (adjustable)
LOCATION Outdoors only in Aarhus, Odense and Copenhagen

CITY CHALLENGE

FAST-PACED AND ENGAGING RACE – TEAM VERSUS TEAM ACROSS THE CITY Set off on an engaging voyage of discovery among historic buildings, winding streets and iconic monuments. The focus is on teamwork, team competition, creativity and shared attention. In City Challenge, your mobile phones give you access to a world of team challenges and tasks spread across the area of the city you are in. The game is GPS-controlled, so tasks can only be unlocked when your team is in the right place. In the game, you get an interactive city map and a wide range of varied tasks. The challenges are diverse and creative, and you will need historical knowledge, cultural insight, logical thinking, creative solutions, offbeat ideas – and above all: teamwork!

A WORLD OF CULTURE, HISTORY AND SIGHTS The route through the city takes you on an exciting and entertaining treasure hunt. Along the way, you will face a wide range of team challenges where creativity, collaboration and communication come into play. You will encounter historical questions, cryptic riddles and active team challenges, among others. The game also includes photo and video tasks that really put your creative talent to the test. Finally, the winning team is crowned, and the teams' video and photo creations can be shown at the final venue – or sent on afterwards if you prefer.

COPENHAGEN, AARHUS OR ODENSE? You don't need to travel the length of the country to experience City Challenge. We have developed and customised the concept for Copenhagen, Aarhus and Odense, so you can play in your own city! The start and finish points can be adjusted to suit you.

TREATS & TOGETHERNESS CHOCOLATE WORKSHOP

TEAM BUILDING WITH A TASTE FOR TOGETHERNESS – The Chocolate Workshop is a cosy, sensory team-building experience where collaboration, creativity and indulgence go hand in hand.

Over a couple of hours, you work in small teams to create your own chocolate art. With melted chocolate at the heart of it all and delicious extras such as fruit, biscuits, marshmallows, coffee and cocoa, there is plenty of room to experiment, play and create mouth-watering dessert masterpieces.
The event is ideal as a relaxed and fun start to a company dinner or party, or simply as a cosy, sweet end to a day of meetings. Your own creations can be served as dessert – or taken home as a sweet souvenir of the day.

CREATIVITY, CRAFT AND SHARED EXPERIENCES – Each team receives all the equipment needed to melt, build, decorate and present their chocolate creation. Naturally, the best dessert artists are crowned and celebrated before the creations go into the fridge and you sit down to eat. The session is a cosy, bonding team experience – not a course – with the focus on togetherness, creative expression and a great atmosphere.

PUT YOUR OWN STAMP ON THE CHOCOLATE – If you have a slogan, a theme or a particular look, the Chocolate Workshop can be adapted so your identity becomes part of the dessert table. Get ready for team building that leaves you wanting more!

GASTRONOMY & COOK-OFF TEAM MASTERCHEFS

COOKING AND TOGETHERNESS AS TEAM BUILDING

Create your own restaurant experience with a three-course gourmet menu. Our Masterchefs concept is a team-building dish blending gastronomy, culinary skills, collaboration and communication, seasoned with a generous handful of good company and pure enjoyment! Masterchefs Culinary Team Building is a fun and convivial cooking event in which teams create the best, most beautiful and most delicious dishes. The dishes must be created under the pressure of tight deadlines and extra challenges that arise along the way. When time runs out, each kitchen team presents its dishes to the judging panel, ready to score the starter, main course and dessert.

WHY COOKING AS TEAM BUILDING? When a team has to work as a kitchen brigade and put together a three-course menu, every aspect of teamwork, communication and understanding of roles and agreements becomes crystal clear. That is why a cook-off or culinary team-building event is so rewarding – and fun and engaging for everyone. Above all, though, Masterchefs is a convivial event with time for a relaxed chat over the cooking – where the social glue and relationships are truly strengthened. The three-course gourmet menu must be served before time runs out.

GOOD COMPANY, TEAM RIVALRY AND A LONG-TABLE DINNER When the competition is over, everyone sits down to enjoy the wonderful food, wine and each other's creations at a convivial long-table dinner. Our Masterchefs Culinary Team Building is a natural combination of team activity and dinner in one – or you can stay at our venue and hold your company party afterwards. Venues: event spaces in Copenhagen SV and the Meatpacking District (Kødbyen).

COMBINE WITH A TEAM DEVELOPMENT WORKSHOP The cooking concept is ideal to combine with one of our team development workshops if you want to dig deeper into learning about collaboration processes and teamwork.

COOKING IN THE WILD
WILDLIFE COOKING

THE GREAT OUTDOORS AND GASTRONOMY – Wildlife Cooking takes you out into the wild for a gourmet cooking competition in the open air, with fun and exciting challenges for everyone! The outdoor experience and gastronomy merge in a team-building concept with a strong emphasis on good company and togetherness.

GOURMET OVER AN OPEN FIRE – In teams of 6–7 people, you compete to create a three-course gourmet menu over an open fire. Each team receives cooking equipment, tableware and a large basket of fresh, delicious ingredients. Making the most of what nature has to offer, the teams must create the best possible culinary experience in fairly primitive conditions. Along the way, you take on team challenges such as 'Master of Fire', 'Catch & Cook' and 'Nature's Lungs'. Here, advantages and extra ingredients can be won – and they may decide who walks away as the best kitchen team of the day!

A CONVIVIAL LONG-TABLE DINNER – The day ends with a delightful presentation of the menus, followed by a long-table dinner where the day's creations are shared across the teams. The most creative and flavoursome menu is crowned, and the winning team is honoured together with the 'Wilderness Master Chef of the Day'.

WE ARE HAPPY TO COME TO YOU – EVEN AS A "GRILL EDITION" – If you have a green space or similar, we are happy to come and set up Wildlife Cooking at your address. We bring all the equipment needed for the cooking event. If fire pits and open flames are not an option at your venue, we can run the session as a "Grill Edition" with gas barbecues and more.

COMBINE WITH A TEAM DEVELOPMENT WORKSHOP – The cooking concept is ideal to combine with one of our team development workshops if you want to dig deeper into learning about collaboration processes and teamwork.

CUSTOMISED EVENT

CUSTOMISED TEAM BUILDING WITH YOUR VALUES AND STRATEGIES – We offer team-building experiences customised for your particular day or theme. Should we build your values, vision or strategic goals into the experience? Or are you planning a themed party that needs activities?

By starting from what matters to you, we design activities that support the story you want to tell. Whether you want to focus on team communication, problem-solving or building a stronger culture around your core values, we make sure the activities reflect your identity.

OUR MISSION: ACTIVE WORKPLACE HAPPINESS – Our mission is to create an experience that unites, motivates and inspires you to grow and share experiences together. With Humanic Group, you get a programme that leaves a lasting impression and strengthens your relationships and active workplace happiness in a way that delivers value far beyond the event itself.

ADAPTED TO THE VENUE – As well as being customised for your company, the event must of course be adapted to your venue. We carry out a thorough site inspection so we know exactly what we have to work with.

A REGISTRATION APP THAT RUNS THE WHOLE FLOW – If you would like each participant to take part on their own terms, we can easily do that too. With our registration and app system, we can customise a programme for each individual while they remain part of something bigger. For example, we can create different activity tracks – one for those who want to relax, one for those who want active experiences – and one for those who want to go full throttle.
